 [@sonyatrachsel](https://twitter.com/sonyatrachsel)

I am a Software Developer with international background in Project Management and Linguistics and passion for storytelling through photography. I quickly learn new tools and technologies, work effectively as a member of agile development team and care a lot about making software accessible for everyone.

## SKILLS

HTML5, CSS3  
JavaScript, jQuery  
AJAX, JSON  
Photoshop, Illustrator

Bootstrap, Foundation  
RESTful API  
MVC framework  
Database technologies

## EDUCATION

### JAVASCRIPT FRONT-END DEVELOPMENT COURSE

Code Fellows | 2016

### BA/MA (5YRS) IN INTERNATIONAL COMMUNICATIONS

International Institute of Humanities and Linguistics | 2007 - 2012

GPA: 3.9

## PROJECTS

### WHY TRAVEL - WHYTRAVEL.HEROKUAPP.COM/

WhyTravel is a one-page web app built with AngularJS and Yahoo API with the information on why you should travel to Russia today. It takes current cost in Rubles for popular tourist expenses, such as Uber ride, AirBnb stay, subway pass and so on, dynamically converts them into dollars and displays the converted prices on the page.

### SCREEN WEB APPLICATION - SCREEN-PORTLAND.HEROKUAPP.COM/

Screen is written in client-side JavaScript and SQL, and is designed to serve as a companion schedule application to independent film festivals. Filter a festival schedule on multiple criteria, watch trailers, and create a custom schedule of interesting films. Integrates with the Open Movie Database API and Twitter to display ratings and tweet reviews quickly.

## EXPERIENCE

### TEACHING ASSISTANT

CODE FELLOWS | FEB 2016 - NOWADAYS

Ensure student success and support instructors in Code Fellow's 201 class, Foundations of Software Development.

### OPERATIONS TEAM LEAD

RUBICON INTERNATIONAL | JUL 2015 - NOWADAYS

Oversee the team's goals, run office operations logistics, exercising due diligence, event planning, culture development and various project coordination.
